What types of tracks and sessions can I expect?

Expect first class presentations from customers, partners and Trimble staff presenting how companies are gaining a competitive edge, reducing costs and improving productivity with Trimble technologies.

Sessions will cover topics for General Contractors and Construction Managers including Project Management, Estimating, BIM Solutions and Layout & As Built. See the latest innovative solutions from Trimble and attend sessions for in-depth discussions, best practices and Tips and Tricks. Sessions will also highlight our customers and how they are pushing the boundaries for improved productivity, quality and safety. Listen to panel discussions that bring multiple viewpoints together to better understand how the industry is changing and also find out how technology will transform the industry.

Frequently-Asked Questions

In addition to General Contractor specific sessions, Dimensions offers a wide range of sessions for attendees in the following industries: Agriculture, Building Design, Construction and Operation, Civil Engineering and Construction, Drilling and Piling, Earthworks, Forestry, Mapping and GIS, Marine Construction, Mobile Mapping, Monitoring, Paving, Photogrammetry and Remote Sensing, Public Administration, Quarry and Aggregates, Rail, Scanning, Surveying, Transportation and Logistics, and Utilities.

You are welcome to attend any session at Dimensions that is of interest to you.
